

COMMUNITY

When Family, Missions, and Community outreach come together...

**“Behold, how good and pleasant it is when brothers dwell in unity!”
Psalm 133:1**

As we reflect on all that God has done these past few months, and look ahead to all God is going to do, we notice a theme that runs throughout it all: COMMUNITY. From the prayers spoken during our May Prayer Emphasis to the farm training to the mission trips, each has shown the beauty of the spiritual fellowship shared.

Watching brothers and sisters in Christ laugh and work with joy while scooping manure into a compost pile, or seeing love being poured out from our church during the Foster Care Kit Drive and prayer emphasis, to witnessing teamwork throughout our different mission trips, we were blessed to watch the display of love and comradeship shared as the family of Christ.

Although Godly community has been displayed so beautifully, we don't want this to be a seasonal thing. We want our love and teamwork for the Gospel to be constant and consistent. If you desire to help with missions in some way and share in this fellowship and teamwork, email us at missions@warren.church. We would love to get you connected!

Farm Training

“FAITH FARM EXUDES THE MISSIONAL HEART OF WARREN AND ENVELOPES THE BEAUTY OF COMMUNITY AND MISSIONS AS ONE.”

Early one Monday morning, a group of students ranging from children to those in their seventies gathered outside at the Crossbridge farm. From book training in the student building to hands-on work in the dirt, each of these individuals displayed so much joy and laughter! Watching each individual smile while piling manure on the compost pile, or bending down to pull up roots and weeds, we saw God's selflessness, service, and joy truly displayed!

Foster Care Kit Drive

“Warren Family, Collection for the Foster Care Kit Drive has come to a close, and your faithful generosity will help bridge the gap for over 300 children transitioning in and out of foster care in four different facilities across the CSRA!

Prayerfully, these tangible needs will point these children back to our abundant Provider, Jehovah Jireh, the one true and living God, and build a path in their hearts to the community the Lord wants them to be part of. We may never see the fruit of these donations, but your love and commitment to these children's future is a seed that will be planted. God is good all the time and we are so blessed to be part of His work!”

-Alexandria Delgado
Foster Care Ministry Director

Eswatini Mission Trip

“We have had an amazing week here in Eswatini and experienced many God moments. One special moment was during a home visit with Sdumo, a local leader, who shared how much our faith in God can affect each family. We shared a special time of prayer with him and the homestead. During our prayer at the homestead, an emergency with the mother's daughter was happening at the care point. Seeing the people rally around a small child to help her was amazing. We were grateful to see the young girl back at the care point on our final fun day, and we were able to rejoice that she was ok! We shared so many moments and memories, and we are so grateful for our time in this amazing country!” - Eswatini Mission Team

Teacher Resource Drive

Warren's four campuses are collecting school supplies now for this Fall to aid five selected CSRA schools. Teachers have given us specific needs to help them better equip and train their students for the future. Apples are available at every campus for you to help us build strong community relations between our church and our local schools.

INTERESTED IN GOING ON MISSION?

Central Church Men's Conference Maine (September 4-8)

Estimated Cost: \$1500

Warren Church will be participating with Central Church at their men's conference. This will be a great opportunity to learn more about our ministry partner, Central Church, and strengthen and encourage the men in Maine.

London, England (December 1-8)

Estimated Cost: \$2700

Imagine engaging collegiate students through ministry and the Gospel at Brunel University, King's College, and Middlesex University in London. Partnering with IMB missionary Scott Belmore, this group will see and experience the historic sights and needs of one of the world's largest cities. Prayer walking and sharing Christ in Bible studies will transform your view of this post-Christian society.

Brooklyn, NY (December 4-8)

Estimated Cost: TBD

Warren Church will partner with Park Slope Community Church to provide warm coats, hats, and gloves to those in need in New York City.

Honduras (November 4-22)

Estimated Cost: \$2700

This will be a vision trip where we listen and learn from those there on how we can better minister to and alongside them!

PLEASE PRAY

Ecuador Wao Vision Trip (July 10-19)

Pray for:

- The hearts of the team are open and excited to learn from a different culture.
- For connections and relationships to be made between the tribe and the team.
- For safe travels to and from Ecuador.

Bath, Maine (August 7-11)

Pray for:

- The team will be open and flexible while we are serving
- For safe travels and protection
- We would present a clear message of the Gospel and that the Holy Spirit will lead people to believe and accept Jesus as Savior.
